SKYTRANS TO PROVIDE FLOOD RELIEF SERVICE TO KARUMBA

Skytrans is pleased to announce that effective 4 February 2010, a service will be introduced to the *qconnect* Gulf route between Cairns and Mt Isa to provide access in and out of Karumba which is currently cut off due to flooding. This will operate weekly on Thursdays in both directions until the end of February.

"Skytrans and the Department of Transport and Main Roads have worked together to ensure there is provision for passengers in need to gain access to and from Karumba during periods when the town is inaccessible by road" said Simon Wild, Managing Director, Skytrans.

"Skytrans recognises how vital this service is for the local community and as such we will do everything we can to assist those who are isolated" said Mr Wild.

Passenger and freight bookings can be made in person at the post office at Karumba, online at www.skytrans.com.au or by calling 1300 759 872.

For media interviews contact:

Louise Ottewell 0458 462 426.
